

How do I turn on JavaScript in my browser?

Browsers that support JavaScript® allow you to take advantage of advanced features on our website, including drop-down menus for easy navigation. If you have problems viewing the drop-down menus, you probably have JavaScript turned off in your browser, or your browser doesn't support JavaScript.

To turn on JavaScript, follow the directions below:

- [Microsoft® Internet Explorer® 6.x, 7.x and 8.x \(Windows®\)](#)

For further assistance, refer to your browser's help content.

Microsoft Internet Explorer 6.x, 7.x and 8.x (Windows)

1. Select **Internet Options** from the **Tools** menu.
2. Click the **Security** tab.
3. Click **Custom level...** in **Security level for this zone**.
4. Scroll down to **Scripting**, near the bottom of the list.
5. Under **Active scripting**, choose **Enable**.
6. Click **OK** to leave Security Settings. Click **OK** to leave Internet Options.
